calvinchiffot@protonmail.com

Location

Nantes, 44000, France

Skills

JavaScript (NodeJS, Express, React)

HTML5 / CSS

TypeScript (Angular)

SQL

Git

Cloud (AWS, Azure, GCP)

DevOps (Docker, Kubernetes)

CI/CD (GitHub Actions)

Agile software development

Other

French (Native)

English (C1 Fluent)

Cambridge FCE

German (B1 Intermediate)

Driving license (French Class B)

Interests

Electric Guitar

Street workout

Emerging technologies

Passion for Cars and Motorcycles

Experience

Technical Consultant Developer Work-Study

2023 - 2024, *LTTD Consulting, Saint-Herblain*

- Designed and developed web applications using Angular, deployed as customized screens within the ERP Infor M3, as part of a team of developers.
- Closely collaborated with clients for future project management and updates to already deployed applications.

Software Developer Work-Study

2021 - 2022, *SCC France, Saint-Herblain*

- Designed, developed, and implemented an automated data ingestion tool using Azure Data Factory and SQL to optimize the data processing workflow.
- Designed and developed web applications, covering both front-end and back-end, using HTML/CSS, JavaScript, and Node.js.
- Managed project integration and deployment with cloud technologies such as AWS, utilizing GitHub Actions to ensure continuous delivery.

Software Developer / DevOps Intern

2021 - 11 Weeks, *Arkea, Saint-Herblain*

- Managed the integration and deployment of internal tools using Jenkins, Docker, DBMaintain, and Liquibase.

Side Projects

Mangathèque - Manga Library Management Application

- Developed the backend of the application: implemented the API with secure authentication and the database (NodeJS, MySQL, Postman, Sequelize).
- Set up CI/CD pipelines (GCP, Docker, GitHub Actions).

TheBadReview - Multiplayer Guessing Game

- Developed the web application frontend with React.
- Implemented an API for data management and database interaction (Node.js, Express, Sequelize, PostgreSQL).
- Integrated Socket.io for real-time player interactions and game updates.
- Deployed the application on Vercel (Vercel, GitHub Actions).

Education

Master in Computer Science and Information Systems Engineering

2022 - 2024, *EPSI Nantes*

Bachelor in Software Engineering, DevOps: CDA

2021 - 2022, *EPSI Nantes*

DUT in Computer Science

2019 - 2021, *University Institute of Technology of Vannes*
